

## **2018 CATHOLIC STEWARDSHIP APPEAL APPEAL-FUNDED MINISTRIES**

Contributions are restricted to the annual **\$7.7 million Catholic Stewardship Appeal** for use in four key areas of ministry: serving families, strengthening parishes, supporting schools, and forming priests and parish leaders. Each area includes distinct and essential services that form an important part of what the Church in southeastern Wisconsin does to serve God.

Gifts to the 2018 Appeal are used solely to support these ministries and shall be kept separate from other assets of the Archdiocese of Milwaukee. The descriptions below detail all ministries funded in the 2018 Catholic Stewardship Appeal and, as such, serve as documentation of the 2018 Appeal's case for support.

The stated amount of \$7.7 million for the 2018 Catholic Stewardship Appeal is the amount needed to conduct the Appeal and fund the various ministries described below. If more than that amount is raised, the excess will be used for one or more of the ministries described to provide expanded services. If less than the stated amount is raised, some ministries described below will be funded at lower levels or may have to be suspended.

### **Serving Families – Appeal Allocation: \$2,065,791**

The Church in southeastern Wisconsin has more than 500,000 Catholics and the population is becoming more ethnically, culturally and racially diverse. Ministries supporting family life encompass spiritual formation, social and human needs common to all families and age ranges; however, ministries also address the unique needs of Catholics who come from other nations and cultures.

**Communication Ministry – Serving Families:** This faith-filled team of professionals informs, inspires and invites Catholic families to see the relevance of their faith, here in the Archdiocese of Milwaukee and beyond. Every day, they collaborate with our bishops and other archdiocesan ministries, sharing information about the Catholic Church and how it can be applied to our lives.

In 2017, the Communication office merged with the Milwaukee Catholic Herald. Together, they bring timely news of the archdiocese into thousands of homes across southeastern Wisconsin, where people are formed, informed, and inspired to live their faith. In an effort to reach all age groups, the Communication Office also provides educational and formational opportunities for parishes and schools, vocational resources, and other services that support Catholic family life.

▪ **Ecumenical and Interfaith Ministry** serves parishes and other archdiocesan entities by providing resources and support for ecumenical and interfaith dialogue, education, worship and service. This ministry supports a number of local ecumenical and interfaith dialogues and partnerships including relationships with the Greater Milwaukee Synod of the ELCA, the Episcopal Diocese of Milwaukee, and the Wisconsin Conference of the United Methodist Church, Muslim-Catholic Dialogues and Catholic-Jewish Dialogue. This ministry also helps to support activities of the Interfaith Conference of Greater Milwaukee and works in collaboration with the Interfaith Conference and the Wisconsin Council of Churches on issues of mutual concern. Ecumenical and

Interfaith Ministry also provides support for local and community-wide programs that enhance ecumenical and interfaith understanding.

**Intercultural Ministries** serve members of the Asian and Pacific Islander, Black (African/African American), Deaf and Hard of Hearing, Hispanic and Native American cultures in parishes throughout the archdiocese. Working with local leaders and respective advisory bodies, this ministry links these communities to the broader Catholic faith community and their individual faith communities, helping to ensure full integration into Catholic life and

formation in the Catholic faith. The ministry coordinator serves as a resource and advocate for each cultural group according to their specific needs.

Significant outreach to the Hispanic community includes leadership training, engaged couples retreats and marriage encounters in Spanish, Hispanic radio ministry and community-wide evangelization activities.

This ministry offers a series of annual meetings or encuentros – one each for men, women, youth and families. There is also support group for families of the incarcerated.

- **Prison Ministry** serves roughly **4,000 inmates in eight prisons** within the archdiocese. Prisoners and their families receive counseling, support, and spiritual guidance from **100 active prison ministers**. Those incarcerated remain our brothers and sisters in need of spiritual support, celebration of the Eucharist, reconciliation and scripture study to help them grow in their faith. This ministry also helps inmates develop the skills and spiritual strength required to be reintegrated into their families and the community upon release.

- **Marriage and Family Life** is a ministry of the St. John Paul II Office for the New Evangelization. This ministry exists to evangelize and build up the Body of Christ in the Archdiocese of Milwaukee by providing an authentic Catholic vision of Sacramental Marriage as an icon of the love between Christ and His Bride, the Church. Marriage and Family Life prepares couples for the sacrament of marriage, supports and strengthens marriages and families, and provides healing opportunities for those separated or divorced.

The Office of Marriage and Family Life provides ministerial support for individuals and families struggling with illness or other difficulties, and those who are experiencing grief due to the death of a loved one. It also offers formation in the areas of Natural Family Planning and Human Sexuality, women's ministries, and parish health ministries. Each year, this office serves more than **5,100 people across the archdiocese** through its educational and formational offerings, initiatives, leadership training, and resource support.

- **Brew City Catholic** exists to inspire young adults to love God and their neighbor as bold Catholic disciples. As the young adult ministry initiative of the St. John Paul II Center for the New Evangelization, Brew City Catholic engages a commonly disengaged generation by serving college students and adults in their 20s and 30s.

Through our dynamic **missionary outreach to college campuses** we're blessed to serve over **1,200 college students** at the public universities of UW-Milwaukee, UW-Whitewater, and Milwaukee School of Engineering

(MSOE). We do this through a framework of intentional and relational ministry; offering Sunday Mass, prayer opportunities, bible study small groups, student households, and pastoral one-on-one mentoring.

Through our support of parishes' young adult ministries and Archdiocesan-wide outreaches to adults in 20s and 30s, **we serve over 2,000 young adults each year** in a variety of capacities and contexts. Our larger group outreaches, such as Brewing the Faith, and other retreats, conferences, and socials to help our adults in their 20s and 30s to connect to community, Christ, and to the Catholic Church.

Our small groups and missionary formation sessions help our young adults go deeper into their knowledge of the Catholic faith and their life of missionary discipleship. Through these initiatives they are formed to be on mission as Catholic disciples in their local context, energized to evangelize and form others.

▪ **Catholic Charities** Catholic Charities, a social services organization, receives more than \$1.1 million annually from the Appeal and improves the lives of over 40,000 people in need every year. Inspired by Christ's call to serve, Catholic Charities' mission to provide service to those in need, to advocate for justice and to call upon others to do the same has been the foundation of its work since 1920. With a team of professionals, Catholic Charities measurably improves the lives of those it serves, empowers them to reach self-sufficiency, and helps reduce the impact of poverty throughout the ten counties of the Archdiocese of Milwaukee. Services are available to anyone in need, regardless of race, religion, country of origin or financial circumstances.

**Adult Day Services** - Catholic Charities offers care options for older adults who require some assistance in order to continue to live safely within the community, rather than in a nursing home or attendant care facility. Our adult day center provides partial and full day service for seniors enabling their caregivers to maintain employment and other family responsibilities. The Center provides certified nursing assistants to respond to care needs, varied daily programming based on participants' needs and wants, recreational activities, snacks and lunch in a beautiful, homelike setting.

**Behavioral Health Therapy** - Catholic Charities Behavioral Health/Counseling Services is a State certified outpatient behavioral health clinic providing accessible, culturally competent, high quality mental health services for individuals, families, children and couples of all faiths. The agency recognizes the added challenges of people living in poverty and responds with a holistic approach to mental health and a commitment to serving the underserved. All therapists are licensed to practice in the state of Wisconsin and bilingual therapists are available at all of our sites.

**In-Home Support and Hoarding Intervention & Treatment** - Catholic Charities has been providing In-Home Support Services in Milwaukee and Waukesha Counties to the frail older adults and adults with disabilities for over 25 years. In-Home Support Services provides supportive home care services to help individuals live independently in clean, safe homes or apartments in order to delay institutional placement. Called upon to help an unmet need for individuals struggling with Hoarding Disorder, Catholic Charities has developed a holistic model of intervention for improving the lives of individuals with Hoarding Disorder. The program is designed to improve the safety, well-being, and mental health of individuals with dignity and compassion.

**Legal Services for Immigrants** - The Legal Services for Immigrants program (LSI) helps low-income immigrants navigate through the maze of immigration laws. We help provide them the opportunity to remain safely in the United States with their families and obtain work authorizations, leading to better jobs with better benefits for their families. Additionally, LSI provides free informational sessions to the immigrant community about new immigration initiatives and changes in the law. Providing accurate information helps ensure that immigrants are not harmed by unreliable rumors or unscrupulous notaries public.

**Outreach & Case Management** - With the overall goals of helping clients access emergency needs and setting them on the path to long-term self-sufficiency, the bilingual Outreach & Case Management program team provides dignified and compassionate services to the poor and vulnerable throughout southeast Wisconsin. No one is turned away. Whatever the reason for the call or visit, the Outreach team works diligently to assess the total needs of the client in order to ensure that needs are met.

**Pregnancy Support** - Catholic Charities' Pregnancy Support program helps expectant parents develop tools for good decision making. Pregnant women or new mothers who are at risk of adverse birth outcomes are assigned a case manager who provides education, emotional support, community resources and adoption information when applicable. Coordinators spend the majority of their time in the community, serving the needs of their clients in a home based environment until the new mother is comfortable with ending services or the child is around one year of age. Catholic Charities serves the most vulnerable population by focusing on the areas in southeastern Wisconsin that have shown the highest rates of infant mortality.

**Refugee Resettlement** - Since 1976, Catholic Charities' Refugee Resettlement program (MRS) has welcomed and resettled thousands of refugees into our local communities. No matter what the country of origin, refugees face incredible cultural challenges throughout the resettlement process. MRS assists refugee clients with everything they need to become self-sufficient, including securing housing and food, arranging and transporting clients to medical appointments, enrolling children in school and parents in ESL and cultural orientation classes, and helping the parents secure employment.

**Supported Parenting** - The Supported Parenting Program is a family support, home visitation program for parents who have intellectual disabilities which promotes positive parenting and healthy interactions between parent and child. Program staff help prepare, strengthen, and support at-risk families through positive parenting skills as they interact on a day-to-day basis with their children. In addition, staff offers assistance to all members of the family to resolve the tensions and discord which can arise about co-parenting, visitation, discipline, etc.

▪ **Office of the Dignity of the Human Person** helps build the capacity of the diocesan Church to act effectively in defense of human life and dignity and the pursuit of justice and peace in upholding the principles of Catholic Social Teaching.

Important to these principles is the formation in Catholic social doctrine, respect life initiatives, and participation in national Catholic programs such as Catholic Campaign for Human Development (CCHD) and Catholic Relief Services (CRS). This ministry supports individual, parish, and archdiocesan initiatives that promote the dignity of every human person from conception to natural death by conducting parish leadership training and formation in human concerns, social concerns, urban ministry, and pro-life ministries. The ministry also collaborates with other

Catholic organizations, interfaith groups, and public, private and governmental sectors to promote the common good.

### **Strengthening Parishes – Appeal Allocation: \$1,901,174**

The primary point of contact with the Catholic Church for Catholic individuals and families is within the context of parish life. The archbishop and auxiliary bishops ensure well-formed, qualified priests (domestic and international) are placed in parishes to lead the faithful in sacrament, prayer and worship. The bishops also engage the pastoral staff and all Catholics at the parish level through the celebration of parish liturgies, the sacraments of Confirmation and Holy Communion, parish gatherings and celebrations, and personal visits with individuals and families that strengthen parish unity and Catholic identity. The Catholic Stewardship Appeal supports these other vital and parish-specific ministries.

▪ The **Office for Parish Planning and Councils** supports and assists leaders at the parish, multi-parish, deanery and archdiocesan levels. The director works with parish mergers, parish clustering and the development of strategic plans that help parish communities prepare for the future. The office sustains and enriches parish leaders through live and video training, manuals, an annual Congress, and a monthly newsletter for parish finance and pastoral councils, committees and staffs in the Archdiocese’s 195 parishes.

Data on pastoral activity and demographic information are also available through the office. These reports assist parishes in various ways, including ministerial studies, building projects, capital campaigns, and planning efforts.

▪ **Stewardship and Development for Parishes** offers consulting and mentoring services to parish leadership groups in their efforts to foster stewardship education in their respective parishes. This ministry provides stewardship education, formation and training; time, talent and financial

resources renewal for adults, youth and children; and parish stewardship baseline assessments.

It also provides long and short-term stewardship program planning; one-on-one mentoring of parish staff with stewardship responsibilities; stewardship focused retreats for parish councils, committees and parish staffs; and consultation with parishes in areas such as lay witness preparation, ministry fair planning, and development of stewardship communication plans. This ministry collaborates on cross-functional teams to assist parishes in crisis and parishes undertaking capital campaigns for construction, renovation or ministerial needs.

- The **Office for Worship** is a resource for the liturgical life of the people of the archdiocese. It provides consultation and training for parish staff, lay leaders, liturgical ministers, Rite of Christian Initiation teams (RCIA), pastoral musicians, and parish liturgy committees in 195 parish communities. More than **6,000 cantors, choir members and musicians are involved in music ministry**. The Office for Worship staff coordinates archdiocesan liturgical celebrations through which the people and parishes of the Archdiocese of Milwaukee can unite their voices in praise of God and be moved to do the same in their own communities.

- **Communication Ministry:** The Communication team supports parishes by sharing information about the Catholic Church and the activities of the Archdiocese of Milwaukee in southeastern Wisconsin. Communication initiatives are focused on these areas: support of archdiocesan initiatives and programs, communication to parishes and schools, and communication to the broader community.

This ministry supports parishes and other Catholic organizations in their strategic communication, public relations, and marketing initiatives. The staff also fosters mutually beneficial relationships between the archdiocese as an entity and its many publics, via its website, [www.archmil.org](http://www.archmil.org), social media platforms, radio broadcasts, podcasts and universal advertising, as well as through the local media. New initiatives produced from the office last year include, “Two Guys and a Gospel,” and “Your Catholic Herald on the Radio,” in addition to Archbishop Jerome ListECKI’s radio program, “Living Our Faith” and the Spanish radio show, “Viviendo Nuestra Fe.”

- Inspired by the New Evangelization, the mission of the **Office of Evangelization** is to provide leadership, vision, and resources to Catholic parishes and groups for calling, forming, making, and sending intentional disciples. The office, under the auspices of the **John Paul II Center for the New Evangelization**, invites people to enter into a deeper, more intimate relationship with Jesus Christ and his Church. Drawing inspiration from the Jesus, it calls all Catholics first to be evangelized and become disciples, so they can then spread God’s Word to others and make new disciples. The New Evangelization has been championed by the teachings of Pope John Paul II, Pope Benedict XVI, and Pope Francis.

The office promotes the Church’s call to a New Evangelization by providing vision and formation for leaders; coordinating archdiocesan evangelization initiatives; assisting parishes in new and creative efforts for making disciples; energizing parish communities for mission, and reaching out to those who are no longer active Catholics. These evangelization efforts are aligned to the new Archdiocesan Mission Statement and enhance the pastoral priorities as articulated by Archbishop ListECKI in his 2014 Synod Declaration.

- **Marriage Tribunal Ministry** As divorce rates indicate, many couples do not reach the completion of their matrimonial commitment. The Church is sensitive to this problem and strives to be responsive to the needs of these individuals so that they may live good and productive lives in the Church and in society. A declaration of invalidity by the Church, or as it is more commonly called, an annulment, is an acknowledgment that a particular couple never achieved a full marriage commitment.

While this process can dredge up painful memories from the past, many people find new understanding, and healing by discussing their prior marriage with a person who represents the Church. All those involved in helping people through this process view their work as a ministry. Assistance through the process can enable people to find it a means of personal and spiritual growth toward the happiness they were meant to enjoy

with God. Through this ministry those who are divorced can have the Lord's mercy touch the memories of a painful time through the outreach of the Church.

## **Supporting Schools – Appeal Allocation: \$630,455**

The **109 Catholic elementary, middle and high schools** within the archdiocese are the Church's primary source for sound faith formation and academic education for both Catholic children and youth, and non-Catholic students who desire schools that serve the "whole person" – spiritually, socially and academically.

Many schools in poorer areas of the archdiocese depend upon critical guidance, support, and resources to continue their operations and keep their doors open to a significant number of families who are at or below the poverty level. Catholic schools transform our local and global communities into centers of faith, hope and charity by providing quality Catholic education to all people. They are committed to educational excellence, student diversity and the fostering of a Catholic culture of faith, service and personal responsibility, all in the name of Jesus.

▪ **Schools Ministries** provide leadership in developing high quality Catholic learning communities in the **92 elementary and 15 high schools in the Archdiocese that serve over 32,000 students and their families.** The Archdiocesan **Office for Schools** provides consultative, professional, and administrative assistance to these highly diverse Catholic schools in the areas of faith development, curriculum, school improvement, strategic planning, policies, governance, human resources, and student services.

Principals, teachers, pastors, staff, and parents are supported by the Office for Schools in their efforts to prepare students for lifelong success and to form them in the ways of holiness. The Office for Schools collaborates with the Greater Milwaukee Catholic Education Consortium (GMCEC), the Milwaukee Area Principals' Association (MAPA), the Saint Clare Center at Cardinal Stritch University, the Marquette University Institute for Catholic Leadership, and many other groups, organizations, and individuals in its Catholic educational ministry.

▪ **School Administration and Personnel Services Ministry** supports school staff and volunteers by providing policies and procedures for accounting and general business functions, as well as collecting and analyzing budgets and financial statements. In addition to these educational and consultative services, this ministry guides schools in strategic planning and just, fair and equitable personnel management and applicable law.

## **Forming Priests and Parish Leaders - Appeal Allocation: \$3,102,580**

The future of the Catholic Church lies in sound faith formation and leadership training for its clergy and parish leaders. Below are ministries that support seminarians, priests, deacons, parish and school staff, and lay leaders within the Catholic Church of southeastern Wisconsin.

Archbishop ListECKI and the Auxiliary Bishops maintain ongoing dialogue with the archdiocesan Church and its priests, parish directors, deacons and others. Services provided to these constituencies include educational and other printed resources and those that nurture spiritual, physical and psychological health.

- **Saint Francis de Sales Seminary** For more than 170 years, Saint Francis de Sales Seminary has formed the minds, hearts and souls of men discerning their call to the Catholic priesthood. Today, it blends its rich history with new vigor in a priestly formation model designed for the realities of the 21st century. The Seminary prepares men of all ages for a lifetime of ministry as Catholic priests. The Seminary **receives \$1.35 million annually from the Appeal** to prepare men for the Roman Catholic priesthood.

**Currently, 57 seminarians from the Archdiocese of Milwaukee and the Dioceses of Green Bay, La Crosse, Madison, Superior and Joliet, IL are enrolled in the Seminary's priestly formation program.** Seminarians receive academic formation through theology classes at Sacred Heart Seminary and School of Theology in Hales Corners; spiritual, human, and pastoral formation continue at the historic Saint Francis de Sales Seminary campus. In 2008, the Seminary introduced the **Teaching Parish Model**. Throughout their four years of formation,

seminarians participate in the life of a particular parish, helping them integrate real-world experience into the rest of their extensive training. **Eight seminarians are expected to be ordained in 2018.**

- **Permanent Deacon Ministry Formation** offers discernment and an admission/selection process for men exploring a vocational calling to the diaconate and provides specific, multi-cultural formation in the theological, spiritual, pastoral and human dimensions of ordained ministry preparation. The four year program is specifically tailored to those men seeking a deeper, permanent response to be of service to God's people through ministry in the Church.

**Currently, there are 17 men enrolled in diaconate ministry formation through the Office for Diaconate Formation** of the Archdiocese of Milwaukee. Admissions for a new formation cohort (the class of 2022) will begin in January of 2018. There are approximately **150 permanent deacons currently serving in the archdiocese.**

- **Deacon Services Ministry** Supports the needs of ordained deacons regarding personal, spiritual, ministerial

and personnel matters. It assists in assigning and transferring deacons in consultation with parishes where deacons are needed. This ministry fosters the formation program for deacon candidates and engages the Archdiocesan Council of Deacons. It assists this council with responsibilities such as planning the annual deacons' assembly, publishing a quarterly newsletter, supporting spiritual enrichment for deacons' wives and representing the archdiocese on the regional and national levels regarding matters affecting deacons.

- **Catechesis and Youth Ministry** Provides training, guidance and resources for those who pass on the faith – catechists, directors of religious education, youth ministers, parents, lay leaders and clergy. In doing so, the office supports parish religious education programs that serve **30,300 students**, including **20,500 children at the elementary level** (pre-K to 8) and **9,800 teens at the high school level**. There are **approximately 3,800 catechists** (religious education teachers) serving in these programs throughout the archdiocese. The foundation of **Catechetical Ministry** is the recognition that catechesis is key to the mission of the Church and one of the primary responsibilities of parishes.

The **Office of Catechesis and Youth Ministry** provides professional development for directors of religious education and youth ministers, and oversees the formation and certification of volunteer catechists and other adults who work with youth. The *2017 Catechetical Conference* brought together several hundred catechetical leaders and parish volunteers for two days of prayer, learning and networking aimed at equipping them for the work ahead. During the year, the parish-based *Forming the Catechetical Spirit* series provides in-depth training for catechists. *A New Directors Institute* offers orientation, guidelines and support to new directors of religious education and youth ministry in parishes. The *Family Perspectives* initiative helps parishes to engage parents and support them in passing on the faith to their children. The *Gigs, Geeks and God* conference helps parish leaders use new technologies in evangelization and faith formation. These efforts aim to energize, guide and equip our parishes for their mission of proclaiming Christ and making disciples.

- **Vocation Ministry**, under the direction of Father Luke Strand, fosters and supports the work of identifying, encouraging, discipling, and inviting qualified candidates to serve as parish priests within the Archdiocese of Milwaukee. This relational ministry offers opportunities for young men to encounter the Lord through discernment groups, spiritual initiatives, and retreat-based programming.

It also offers supportive services to parish vocation teams and committees, pastors, parish staffs, and all who desire to support a culture of vocations. While its primary mission is promoting the diocesan priesthood, this ministry also serves as a resource for all men and women discerning their vocation, and helps connect those discerning consecrated life with religious communities.

- **Ministry to Senior Priests** provides support to priests to help them as they make their adjustments to life as a retired priest. This ministry assists them navigating Medicare, health care, housing issues and spiritual needs. This ministry ensures that Senior Priest remain connected to the Archbishop and Auxiliary Bishops and other priests in active ministry through various forms of engagement. The Vicar for Senior Clergy offers assistance to the family members of Senior Clergy as various transitions take place.

- The **Stewardship and Development Ministry** encourages and facilitates the act of financial giving and provides

resources and training to advance the Church's teachings on stewardship of all gifts. This ministry supports the identification and education of Catholic leaders to facilitate an informed and enthusiastic approach to the sharing of financial gifts as well as the sharing of time and talent in service to the Church. This also ministry facilitates the direct involvement of Catholic lay leaders at the archdiocesan level.

- The Director of Priest and Lay Ecclesial Personnel and Placement heads the **Priest Placement Office** and serves as facilitator to the Priest Placement Board. The board consists of five elected priests from the five vicariates of the archdiocese, two priests appointed by the archbishop (Vicar for Hispanic Ministry and Vicar for Urban Ministry); and the Vicar for Ordained and Lay Ecclesial Ministry; and the Director of the Priest Placement Office, who serve as ex-officio members of the Board.

In the Catholic Church, pastors and parish directors are assigned to a specific parish or parishes by the archbishop. Prior to any assignment being made, the archbishop and the Priest Placement Board seek advice and counsel from local lay leadership and the deans and vicars for the area.
