HUMAN CONCERNS

HUMAN CONCERNS COMMITTEE REFUGEE FAMILY UPDATE

The Maombi family continues to do well, although there is still much to be done to help them adjust to their new life in America. We are looking to expand our small committee that works specifically with the refugee family. We especially need help right now with some home maintenance projects, although there are many other ways to help too. The time commitment is whatever time you have to give - we welcome one time helpers, or some who might want to become members of our committee. Anyone who is interested is encouraged to call and we can tell you more about the specific needs and opportunities. This is a fun way to meet people from the parish and learn about a new country all at the same time!
