

St. Robert School Parent Survey Results on Excellence March 2016

My child is appropriately challenged at his/her ability level and learning style.

In my experience opportunities are provided to challenge high ability learners as well as to support those students who need accommodations, modifications and/or intervention to attain academic success.

Student progress is measured frequently and fairly using a variety of assessment measures. I am aware and have been notified if my child is not making adequate progress.

St. Robert School strives for excellence in education by continuing to make improvements and enhancements to the curriculum.

The school communicates effectively to parents about curriculum changes, enhancements and investments.

Parents are we are welcomed and supported as important members of their children's educational teams.
